About This Content

Willkommen in Berlin! This city has experienced profound change during its turbulent history. Yet through it all Berlin is still Berlin. Its spirit and elan have endured to create an astonishing, heady mix of artistry and industry that looks to a bright future while remaining ever-mindful of its past. Having reclaimed is role as the capital of Germany, Berlin is now evolving into the world's reigning capital of cool.

In **Brilliant Berlin**, you'll be challenged to adapt and keep up with the diverse needs of this thriving global city. To succeed in Berlin, you will need to build towers brimming with art, amenities, and elegance to lure in discerning tenants.

German engineering

Brilliant Berlin's new offices and apartments are a cross-section of the city's population. From software engineers crafting code that will define the next tech trends to the global headquarters of major auto manufacturing firms, you'll create office space to accommodate a wide spectrum of Berlin's diverse and expanding economy. With apartments specially designed for families and children, you'll have a hand in ensuring that Berlin's future is a bright one. These new office workers and apartment dwellers will expect a suitably apportioned building, so make sure to pay attention to their likes and dislikes to maximize your profitability.

Urban adaptation

Brilliant Berlin expands the impact of your influence and consultants with new art museums, political offices, union halls and tourist centers. You'll deploy these to create more efficient and prestigious developments. You'll need to provide ample parking

for your new Berlin offices and apartments. New German restaurants coupled with sleek art-deco lobbies and artworks will firmly establish your building's Berlin bona fides. Top off your new towers with greenspaces in the sky with enticing rooftop decorations, and end your workday with a lager at one of your classic German beer halls. Prost!

A really really good text based "Choose Your Own (survival) Adventure".

First chapter didn't impress me that much but hot damn IT GETS SO GOOD. I LOVE IT. That said if you aren't into reading this isn't your game honey.

First CYOA of my library I actually felt I MUST recommend.. Silly game, but is a product of it's time. Probably not worth it to most people anymore except younguns. Oi m8! This game is well good innit roit!? You got a loicence to make games this good m8!?

Did you slav or did you lose?. The game has so much potential in terms of ground deformation and the modeling of the equipment. I dont know if it was just me or the game but the dozer was very tricky to use. The excavator was amazing, interior was so realistic and the movement of the boom was good , the top speed could be tuned down but thats about it. Overall fun game.. Can you help me please I bought this route and it takes a long time to load and then crashes please help if someone has tips please help I would really apriciate it.. Very nice model, sounds are eh,(but AP makes them better) comes with lots of liveries, some rolling stock, has a good feel to it, personally think it's really good!. A great game!. This is to all of those people who couldn't give a damn about the fancy graphics and other pretty\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2

Solid game, get it !. battlepillars...... come on now battlepillars. your dad thinks you need a good beating man.. I must say this is an amazing experience!

Not only it is free but it is also an immersive short game that turns upside down and had my feelings rage!

I wanna say that if a game is good i remember it after i play it and this one is one of those games and there are not a lot of experiences on the vive that make me remember them after i finished them.

Great job devs you should be proud of this experience.

"The Price Of Freedom"!

I was a fan of the first game and the sequel did not disappoint! This game, much like the first one, is cheap, has a nice art style and good music. It also has good, smooth gameplay.

The puzzles in this game are a good difficulty where it's not too difficult [albeit a tiny bit frustrating from time to time] but it's not too simple.

TL;DR

Intriguing story and gameplay. Highly reccomend this series to people!. Love the Pixel graphics.

The controls are weird, shooting mechanics are bad.

Transitions between scenes are sudden and often make no sense.

Tons of unintentionally hilarious dialogue.

I mean, I enjoyed my time with the game, but I don't think it was what the Developer intended.

The game needs a lot of work.

https:///www.youtube.com//watch?v=qNlpWkWzD60. I wasn't sure about this game, but now I'm absolutely in love. It's almost pure gameplay, and at that the game excels. It's a lot of fun and has surprising variety thanks to a system of unlocks. It's also just challenging enough, which gives it nigh-infinite replayability. Definitely one of the hidden gems.. 2 out of 5 Stars (I am being generous)

Negatives:

1. This game has great potential but fails to live up to it.

2. Much of the game mechanics are cumbersome. The tech tree is predictable and short.

3. The computer AI is not aggressive even though at times while I was playing it clearly had advantages.

4. Some of the special tech advantages are not detailed in any manner and so as the player you will have no idea what you should do.

5. Upgrading manufacturing companies is not at all detailed so its hard to decide what to do and how it will affect your fleet.

Positives:

1. One of the interesting mechanics is that you need to create negative "attitudes" against a prospective opponent. By that I mean, you cannot attack a neighboring civ unless you first begin a negative attitude campaign and get it to a high enough level to be able to declare war. It's a cool idea but like the rest of the game its poorly executed.

I would forgive this game if it was an Alpha or Beta but that is not the case with this game.

So 5 negative comments vs 1 positive comment = poorly made game.

DONT BUY IT. What looked great in early mode just didnt hit the mark. If you are going to bother with a good turn based squad game do it right. This is a waste of money, I tried to like it and I gave it a go with a few restarts but honestly I cant see me going back to his again. no relation to your characters even though they can carry on to other missions. No real stealth so you can see what will happen. Just some game makers having a laugh. Gross disappoint for something which looked like it was going to be good. Waste of money unless it is for \u00a32.. Fun game. Good graphics. Wish there were more tracks and more online presence would good.. I actually bought game and it was so clunky that I had to request a refund. You have to use an Xbox controller to navigate. I couldn't figure out even how to do basic things. Game needs lots of polish.

I was able to mess around and move things around. Change shape sizes and even add some items. But when it came to playing my song and animating objects to them. Well, all I could do was play my song. I couldn't even figure out if there was a template to use. The store videos look cool and I'd love to be able to do something even remotely close to that. I just couldn't figure out where to start.

Sorry, but it's way too clunky V complicated to use in its current form. You definitely need a tutorial or a more intuitive interface. I know the app is only \$5 and I shouldn't expect much. But it was useless to me. And nothing made me want to even try to figure it out since I was getting nowhere fast.. A game-breaking bug results in levels not progressing even after completion. This was reported in the discussions over a year ago, and there has been absolutely no developer contact.. If you like the Angry Birds sets of games then this is a game which can relate very similarly to the Angry Birds genre. I really enjoy this game because you can strategise the launching/flinging move of the Piggy Princess herself. Another nice feature that makes it different from Angry Birds is the use of objects; it's a but like animism, only you can use the objects to strategise your moves.

For example, in one level you have to startegise with levers, boulders and magic all at the same time. If you would like a game that works very similarly to Angry Birds but still has its differences, then I would recommend this game to all gamers. It's an interesting title that's worth the purchase..
