### About This Game

Do you ever dream of being able to drive a car off-road, extremely, driving over huge rocks or obstacles? Ultimate Rock Crawler lets you become an instant Off Road Rock Crawling Champion.

Rock crawling is an extreme form of off road driving using modified vehicles to overcome obstacles. Drivers drive four-wheel-drive vehicles over very harsh terrain. Driving locations include boulders, mountain foothills, rock piles, mountain trails.

Rock crawling is about slow-speed, careful and precise driving, through large gear reductions in the vehicles drive train. Rock crawlers often drive up, down and across obstacles that would appear impassable.

In the game you have to earn creds by driving, the more you drive and earn the more you can keep your rig serviced and eventually upgrade in the garage area, the recommended upgrade is to go to the big tires with the best tire option, with this you'll be able to complete any challenge. You can even perform a mini self service which costs nothing, such fill water, oil check and similar.

Crap in its Purest Form.. buy spin tires instead.this is dumb crap.. This game can't crawl over the mountain of problems in it.

[https://www.youtube.com/watch?v=NEg\\_NGvqDsA](https://www.youtube.com/watch?v=NEg_NGvqDsA). buy spin tires instead.this is dumb crap.. I had good hopes for this game.....

And i gave it a chance. It fails on much perspectives and gameplay.

There is work to do on this game guys! Make it work!. A very nice game.. I think the game will get better soon.

Please fix the Shop bug .... (I buy stuff and in the next turn some already bought items are gone and I need to pay for them again ....) Please fix that!!!!

All in all its a funny game!. A very nice game.

1V10, would not recommend. The camera is quite glitchy and the Depth of Field is so bad, even the menus are blurry.. This game had so much potential, unfortunately it was spoiled by very glitchy graphics where rocks would vanish as you were driving over them, only to reappear as you're about to go over a steep edge, added to this, certain upgrades disappear when you add new ones, for example, returning your vehicle to standard small tires once you add higher suspension. Also the hint system to show you which direction the next checkpoint is, is also very flawed. Very disappointed in this game, save your money.. Don't buy this game buy Spin Tires and get some good truck mods and maps to go with them. **WORST GAME IN THE WORLD COULD NOT GET ANY WORSE!!!!>:(** Great game, lots of fun and lots of huge potential, i totally recommend it !. Great game, lots of fun and lots of huge potential, i totally recommend it !. With recent updates, this game has become so much more fun. With a few more fixes it could be great.
